TO WHOM IT MAY CONCERN,

Hurst Park Primary hired Cirque de Normandy for a fund raising event and family fun day on Saturday 23rd September. I would not hesitate in recommending Ed and the rest of the team who were highly professional from start to finish. We particularly appreciated the marketing notes, advertising literature and advice on improving sales. It was due to Cirque de Normandy's enthusiasm and guidance that we made the profit that we achieved.

Having had a downpour of rain prior to the circus's arrival we were rather anxious that the school playing fields might be damaged because we had an important football match the day following the circus. This was, however unnecessary because Cirque de Normandy, taking all matters into consideration ensured that there were no signs of their appearance! We were amazed at how quickly and efficiently the big top was erected and taken down, much to the children's disappointment that it isn't permanent! The show itself was fabulous and a complete success; the children, weeks on, are still reminiscing along with us adults.

Cirque de Normandy were just great and our only regret is that following fund raising events will have a lot to live up to!!

Yours faithfully

Adele Pendry
